

# VOLUNTEER SPOTLIGHT

**Bob Bell**

**Meet Bob Bell:** Bob has been volunteering with River City Habitat's Tuesday Construction Crew since 2014. He has also always volunteered when his Church, First Baptist, is scheduled on a Saturday build day. He has helped coordinate the volunteers from his Church for many years.

He loves construction and working outside.

Volunteering on construction also gives him the opportunity to meet our Partner Families who are working their sweat equity hours. He enjoys getting to know them and seeing them through the process and finally getting to enjoy their first home. He likes the "hand up" philosophy that is Habitat's Mission.

Bob's wife is Susan, and they have two daughters and three grandchildren.

**Thank you Bob for everything you do for RCHFH!**
