The House That Cans Built

Dedication: Monday, 12/20/10

Open House 5 pm

Dedication 5:30 pm

Join us in celebrating the house that your cans helped build! This build has been many years in the making, and on December 20th, the dreams of new homeowner LaTrise Wilson will come true just in time for Christmas! Special thanks to the dedicated volunteers on the Can committee, the Tuesday Crew, Building committee, Family Selection and Family Support committees, and everyone who has donated their aluminum cans to Habitat for Humanity. Find the list of all drop off locations at www.rivercityhabitat.org.

Pledge Your Support to Habitat's 70th Local Build!

In 2011, RCHFH will complete their 70th local build. With an eye toward neighborhood improvement, a house at 819 Clark Avenue will be rehabilitated from the inside out and sold to a Habitat Partner Family. In honor of 70 Jefferson City builds, we would like to propose that the build be sponsored by the citizens of Jefferson City through the donations of individuals, churches, civic groups and businesses.
